<b>Operating Temperature Range</b>	-40° – +70° C	0° – +60° C
<b>Power Inputs</b>	9 – 32 VDC Dual Redundant Inputs	18 – 60 VDC Dual Redundant Inputs
<b>Approvals</b>	Class I Div 2 and Zone 2 hazardous environments  For a complete list of certifications, download the Tofino Security Appliance Data Sheet from: <a href="http://tofinosecurity.com/products">tofinosecurity.com/products</a>	For a complete list of certifications, download the Tofino Security Appliance Data Sheet from: <a href="http://tofinosecurity.com/products">tofinosecurity.com/products</a>

### Tofino Starter Pack

An economical bundle for implementing a security zone

Product Name	Part Number	Description
Tofino Argon Starter Pack	FA-STPCK-100	Includes: 1 Tofino Argon Security Appliance, series FA-TSA-100 TX/TX only 1 Tofino Argon Central Management Platform, Restricted to managing a maximum of 3 Tofino Security Appliances per facility 1 Tofino Argon Secure Asset Management LSM 1 Tofino Argon Firewall LSM

### Tofino Loadable Security Modules (LSMs)

Firmware modules that customize the functionality of the security appliances

Product Name	Part Number	Description
Tofino Argon Firewall LSM	LSM-FW-100	Directs and controls industrial network traffic
Tofino Argon Secure Asset Management LSM	LSM-SAM-100	Tracks and identifies network devices
Tofino Argon Modbus TCP Enforcer LSM	LSM-MBT-100	Content inspection for Modbus
Tofino Argon VPN Server LSM	LSM-VPNS-100	Secures remote SCADA communication
Tofino Argon VPN Client LSM	LSM-VPNC-100	
Tofino Argon VPN PC Client License	LSM-VPNL-100	
Tofino Argon Event Logger LSM	LSM-LOG-100	Reliably logs security events and alarms

### Tofino Central Management Platform

An easy to use software application for configuring, testing and monitoring security appliances

Product Name	Part Number	Description
Tofino Argon Central Management Platform	FA-CMP-100	Coordinates security management
