

Protect your Facility from the New Wave of Cyber Security Threats.

Eric Byres

is one of the world's leading experts in critical infrastructure.

He is VP and CTO of Tofino Security, part of Belden® Hirschmann™, and the keynote speaker at the conference.

International Cyber Security Forum for Energy and Utilities

**Abu Dhabi, United Arab Emirates
May 21 – 24, 2012
Stand 3**

The past two years have been a wakeup call for critical infrastructure providers in the energy and utility sectors.

From sophisticated malware such as Stuxnet to the exposure of an unprecedented number of security vulnerabilities for industrial control products – it adds up to a new era of threat.

Learn How to Effectively Deal with this New Reality by:

- **Meeting with Eric Byres and the Belden team during the Forum:**
Email meet-in-abu-dhabi@tofinosecurity.com to reserve a time.

Seeing the Belden technology demonstrations at: Stand 3

- **Attending the workshop:**
“SCADA & Industrial Systems – Security Insights”
presented by Eric Byres and Paul Dorey.
Monday, May 21st, 8:00 am – 5:00 pm
- **Listening to Eric Byres’ keynote presentation:**
“The Fight Against the New Wave of Security Threats”
Wednesday, May 23, 8:00 am

**Be certain.
Belden.**
